1.0. Maharashtra Water Resources Regulatory Authority, Act 2005

- 1.1. The Government of Maharashtra enacted in 2005 the Maharashtra Water Resources Regulatory Authority Act. The Act, which was gazetted on 4th May 2005, provides for the establishment of the Maharashtra Water Resources Regulatory Authority (MWRRA) to regulate water resources within the State, facilitate and ensure judicious, equitable and sustainable management, allocation and utilisation of water resources, fix the rates for use of water for agriculture, industrial, drinking and other purposes and matters connected therewith or incidental thereto. Vide notification dated 8th June 2005, the State Government directed that the said Act shall come into force on that date, vesting all powers under the various sections of the Act with the Authority. Maharashtra is the first State in the country to establish a water regulatory authority.
- 1.2. The powers, duties, functions of the Authority as enumerated in Section 11 of the Act are
- (a) to determine the distribution of Entitlements for various categories of uses and the equitable distribution of Entitlements of water within each category of use on such terms and conditions as may be prescribed;
 - (b) to enforce the decisions or orders issued under this Act;
 - (c) to determine the priority of equitable distribution of water available at the water resources projects, sub-basin and river basin levels during periods of scarcity.
 - (d) to establish a water tariff system and to fix the criteria for water charges at sub-basin, river basin and State level after ascertaining the views of the beneficiary public, based on the principle that the water charges shall reflect the full recovery

- of the cost of the irrigation management, administration, operation and maintenance of water resources projects;
- (e) to administer and manage inter State water resources apportionment on river systems of the State;
 - (f) to review and clear water resources projects proposed at the sub-basin and river basin level to ensure that a proposal is in conformity with the integrated State Water Plan.
 - (g) to lay down the criteria and monitor the issuance of Entitlements.
 - (h) to lay down the criteria for modification in Entitlements for the diversion, storage and use of the surface and subsurface waters of the State.
 - (i) to fix the criteria for trading of water Entitlements or Quotas on the annual or seasonal basis by a water Entitlement holder.
 - (j) to promote efficient use of water & to minimize the wastage of water & to fix reasonable use criteria for each Category of Use.
 - (k) the Authority shall review and revise, the water charges after every three years.

1.3. Further, under Section 12 (4) of the Act, the Authority, in accordance with State Water Policy, is required to promote and implement sound water conservation and management practices throughout the State and under Section 12 (5) of the Act, support and aid the enhancement and preservation of water quality within the State in close coordination with the relevant State agencies.

1.4. The Authority has been vested in the Act with special powers for removal of irrigation backlog as per Governor's Directive (Section 21 (1) of the Act). This responsibility is to be exercised while clearing new projects (Section 11 (f) of the Act) and in ensuring

that the manpower available with the Water Resources Department of the State Government is used for survey, planning and detailed design of the projects in backlog affected areas and new projects are available in time for removal of backlog (Section 21 (2) of the Act).

- 1.5. The present Annual Report covers the activities of the Authority during the financial year 2009-10.

2.0. Organisation and Recruitment / Appointments in 2009-10:

3.0. Activities of the Authority in 2009-10

3.1. Entitlements

3.1.1. A meeting was convened in the Authority on 28-7-2009 with WRD officials to identify new pilot projects for inclusion in the Entitlement programme for 2009-10. Based on the discussions, the numbers of pilot projects were upscaled from 77 in 2008-09 to 129 in 2009-10 by inclusion of 52 new pilot projects. The number of Water User Associations (WUAs) covered under the Entitlement programme were increased from 147 to 212. While 6 more WUAs were added to the existing 147 covered under the programme in 2008-09, 59 more WUAs were included in the 52 new pilot projects. **Annexure 2** gives a list of the pilot projects.

3.1.2. Before the start of rabi season of 2009, a workshop was organized on 24-09-2009 at WALMI for representatives of WUAs and field officers. Secretary (MWRRA) and Director General, WALMI participated in the workshop. Secretary (MWRRA) explained the various facets of Entitlement to the participants and the contents of technical manual prepared by the Authority for Entitlements and duties of Regulators were brought to their notice.

3.1.3. The Authority worked out the sanctioned water use entitlement for normal year (design year) for 52 new pilot projects. Based on

the storage position as on 15-10-2009, 90 projects were considered for enforcement of Entitlements and 39 projects were not considered for enforcement, as the storage position on these projects was less than 30% of designed live storage. For 90 projects, the Applicable Water Use Entitlement was prepared by project officers and got vetted from the Authority.

3.1.4. Regulators were appointed by the Authority for all the projects.

3.1.5. On 12-3-2010, a workshop was conducted at WALMI, Aurangabad for Regulators. Member (WRE) & Director, MWRRA participated the workshop and duties of Regulators were explained to the participants.

3.2. Bulk Water Tariff

3.2.1. The stakeholder meetings scheduled to be held at Kolhapur, Oras and Nashik in the second quarter of 2009 were completed on the following dates

Venue	Date
Kolhapur	25-5-2009
Oras	26-5-2009
Nashik	15-6-2009

3.2.2. Based on the inputs received from line departments / water utilities, NGOs and stakeholders during the consultation process, the draft Approach Paper prepared by the Consultants was revised by the Authority and along with the draft Criteria for Bulk Water Tariff was circulated again to line departments, water utilities, NGOs and experts in the field of water use economics. These documents in Marathi were also made available at all taluka

level WRD / Panchayat Samitee Offices in the State for access of stakeholders.

- 3.2.3. The Authority conducted a state level workshop for stakeholders at Pune on 21-1-2010 to discuss the revised Approach Paper & draft Criteria. This was followed by five stakeholders consultation meetings at the revenue divisional headquarters of the State on the following dates:

Venue	Date
Amravati	16-02-2010
Aurangabad	22-02-2010
Nashik	23-02-2010
Navi Mumbai	02-03-2010
Pune	03-03-2010

The last meeting at Nagpur is scheduled in April 2010 as the meeting earlier convened on 17-2-2010 at this venue was postponed as per the request of participants.

- 3.2.4. After completion of the consultation process, the draft Criteria will be finalized and forwarded to the Water Resources Department for submission of draft tariff proposal. It is planned to issue the tariff order for the period 2010-2013 during 2010-11.

3.3. Integrated State Water Plan

As per the Section 15 of the Act, the 'Preparation of Integrated State Water Plan' is pertaining to the River Basin Agencies and the Authority is only a facilitator on this issue. Work on preparation of sub basin plans by the concerned River Basin Agency for 16 sub basins in Godavari was continued during the year by the identified Consultants. Tender process for 2 more sub basins was taken up

during the year. A meeting was convened in the Authority on 14-12-2009 to review the progress in preparation of the sub basin plans. The meeting was attended by officers of Water Resources Dept., Irrigation Development Corporations, and Technical Adviser for Godavari basin, other concerned line departments and Consultants. The bottlenecks were identified and WRD requested to take required action. It was decided to give priority to the sub basin plans of Manjra and Venna.

3.4. Clearance of New Projects

Under Section 11(f) of the MWRRA Act, the Authority is required to review and clear water resources projects proposed at the sub-basin and river basin level to ensure that a proposal is in conformity with Integrated State Water Plan and also with regard to the economic, hydrologic and environmental viability and where relevant, on the State's obligations under Tribunals, Agreements, or Decrees involving interstate Entitlements. During the year 2009-10, 6 medium, 32 minor irrigation projects and one water supply project were accorded clearance under Section 11 (f) of the Act [**Annexure 3 (1)**]. 2 medium and 10 minor irrigation projects were given Authority's No objection for processing for environmental and forest clearance and keeping on shelf [**Annexure 3 (2)**]. While clearing the new projects, the Authority is following the directives issued by the Hon'ble Governor of Maharashtra from time to time for removal of physical and financial backlog.

3.5. Development of Web Site
