प्र.मा./ ६७१०/२००७ दिनांक २८/०८/२००७

AUTHORITY MEMORANDUM

1.00 Section 11 (f) of the MWRRA Act (Act No.XVIII of 2005) reads as below:

“To review and clear water resources projects proposed at the sub-basin and river basin level to ensure that a proposal is in conformity with Integrated State Water Plan and also with regard to the economic, hydrologic and environmental viability and where relevant, on the State's obligations under Tribunals, Agreements, or Decrees involving interstate Entitlements:

Provided that, while clearing the new water resources projects by the concerned for construction proposed by River Basin Agencies, the Authority shall ensure that Governor's Directives issued from time to time, relating to investment priority for removal of regional imbalance are strictly observed;

Provided further that, in respect of the projects situated in Marathwada and Vidarbha Regions, the powers to accord administrative approval or revised administrative approval, under this clause, shall in accordance with the Governor's directives, be exercised by the concerned River Basin Agency”.

2.00 Bagalwadi Minor Irrigation Storage Tank project, Taluka Jath, District Sangli in Krishna basin, was received for clearance by MWRRA under above mentioned Section of the Act, vide Ref. (1) above.

- 3.00 (i) This Project is cleared by Chief Engineer, Hydrology Project, Nashik, for water availability.
- (ii) The BC ratio is more than 1.
- (iii) Irrigation Potential created in June 1994 in S.R.E. in Sangli was 4,03,020 ha i.e. 67.99% of net sown area which is more than 35.11% the State Average of June 1994 and Potential created till June 2006 was 6,00,210 ha in S.R.E. i.e. 101.25% of net sown area. (Abstract showing these details are enclosed)
- 4.00 As per Hon. Governor of Maharashtra Directives dated 6th March 2006 for Annual Plan 2006 – 07 vide clause 7.2, Backlog as on 1st April 1994 is being considered for allocation under backlog removal and vide 7.9, new projects may be taken up if they are really necessary for removal of backlog.
- 5.00 Sangli District was neither in backlog in June 1994 nor in June 2006, hence this project does not have merit for removal of backlog.
- 6.00 In view of above, taking up new project is not necessary for removal of backlog of June 1994 as per Hon. Governor of Maharashtra Directives. The MWRRA therefore advises that this project may not be taken up for construction at this stage but kept in the shelf of new techno – economically viable projects for consideration for possible taking up after April 2010 if still viable, when district wise backlog will be reviewed.
- 7.00 This memorandum is issued under reference No. 4 dated 05/11/2007 and is registered under No. MWRRA / 2007 / PRCL / Sangli / BGLW / 933 dated 05/11/2007 in the office of the Authority.
- 8.00 The Receipt of this Memorandum may please be acknowledged.
